I'm a web developer with proficiency in a variety of front-end technologies. I like building user-centered digital experiences that are both visually appealing and highly functional. Excited to leverage my skills and constantly learn and grow as a developer.

PROJECTS

NoteWind

- Created a full-stack note-taking application with Firebase, React, and Tailwind CSS.
- It allows you to create, update, delete, and archive notes. You can add labels, pin or unpin notes, change note backgrounds, and search notes.
- Used Firebase Authentication to provide login and logout functionality. See the code on [GitHub](#).

Weather App

- A weather app that shows the current weather of a city. Built using JavaScript, HTML, CSS, and Webpack. Unit tested with Jest.
- The app uses OpenWeatherMap API to fetch weather data. It can also show weather based on the user's current location using Geolocation API. See the code on [GitHub](#).

Shopping Cart

- Designed and developed an e-commerce site using React and Redux.
- It allows you to browse available products and give orders with a fully functional cart. See the code on [GitHub](#).

Memory Game

- As the name suggests it is a game to test users' memory. The cards shuffle after every selection. The goal is to maximize your score by not selecting the same card again.
- Built using React and Tailwind CSS. Tested with Jest and React Testing Library. See the code on [GitHub](#).

SKILLS

- **Languages:** JavaScript, HTML, CSS
- **Libraries & Frameworks:** React, Redux, Tailwind CSS, Jest, Next.js, Testing Library, Node.js
- **Tools & Platforms:** Firebase, Webpack, Git, GitHub, Netlify, Vercel

EDUCATION & CERTIFICATIONS

Full Stack JavaScript, The Odin Project	2021-2023
<ul style="list-style-type: none">• Successfully completed Front-End Web Development course.• Followed software engineering best practices and completed the assigned projects.	
Bachelor Of Commerce, Maharaja Krishnakumarsinhji Bhavnagar University	2018-2020
JavaScript Algorithms and Data Structures Certification, Free Code Camp	2022
Responsive Web Design Certification, Free Code Camp	2021
